Volume XLVIII—Number 31

BETHEL, MAINE, THURSDAY, JULY 30, 1942

Single Copy—FIVE CENTS

CORP. BONNEY WRITES FROM NEW CALEDONIA

Corporal Earl Bonney, writer of the following letter, is one of the three grandsons of Mrs. Sidney Jodrey of Bethel, who are in the country's armed services. He is well known to many of the local young people, having attended school here one year and spent several summers with relatives in town. He arrived in Australia with the first U. S. forces early this blackout period and an emergency year, later being transferred to ambulance run was made. New Caledonia. This letter was received last week by his cousin, FAREWELL SURPRISE PARTY Edward Little Jr., of Bethel.

July 5, 1942 New Caledonia

Dear Ed.

you wrote on the 12th of May. That a surprise party Friday evening is going some, now isn't it old pal. at the Methocist Church following

things have happened since I last lin read an original poem and Rev. noon to begin training Wednesday wrote to you and to tell the truth I M. A. Gordon presented Bradley at Carlisle Barracks, Penna. Last emy. don't know where to begin-but a gift in behalf of the group.

must know by now and finally Hamlin, Mrs. P. J. Clifford, Mr. son came here from Berlin in Seplanded in Australia.

canal locks and believe you me, it Mrs. Norman Hall, Ruth Hall, Miss Street. During these 10 years Dr. ter, N. H., and Alvertie of Susanwas intense at that time and all around the locks there were fellows, both black and white.

After sailing for days and days, we passed the international date line and started losing time until sort of celebrate the 4th. There Street. we had dropped a day. It was a were about 25 spectators, little difficult getting regulated all over again but we did and then we swell tan and am feeling great. Am passed the Equator. I really expec- all set to go off Berlin's jump right dinner Saturday in honor of the Mrs. E. Leroy Brown. ted it to get warmer as we got this minute. Am only kidding, but ninth birthday of her son, Gerald Mr. and Mrs. George Bowhay holds true on land. More so (that) than on sea. We had a little celebration or initiation for some with Old Neptune at the head.

There were games, swimming and work for all on board and let me tell you that the water was salty at times.

We finally arrived at Australia and was it good to see land? YES!

We had a swell train ride and stopped at a fair sized place where

and we exchanged things to all in more lives." all I have a few souvenirs. I have Rationing a couple of crowns. (money)

There's plenty to eat in the line of fruit as there are tangerines, lemons, oranges, citrons, limes, bananas, pineapples, cocoanuts and

I took French up in school too so I can still speak a little. Here's something for Doc. and

I went out deer hunting one day range shooting but we did get six, And on one trip we killed a wild The War Front

SURPRISE BLACKOUT SHOWS GOOD RESULTS IN VICINITY

The first surprise air raid warning and blackout took place last Thursday evening and the officials reported very satisfactory results. Some of the local personnel were absent and others were unable to get to their stations, but traffic was handled very effectively and in most cases the same cooperative spirit as previously was shown by motorists. The fire department responded to two calls during the

ARTIFICIAL RUBBER— AND OIL INDUSTRY

Some extremely false ideas concerning the oil industry and the artificial rubber program seem to be making the rounds. These ideas were forcibly answered in a recent statement by J. A. Brown, president of the Socony-Vacuum Com-

First, the charge that the oil industry has "blocked" the production of butadiene (a basic ingredient rubber manufacture) from alcohol made from agricultural products, is unfounded. To quote Mr. Brown: "The paramount interest in the oil industry is to have able to the public. Most of its profits, and in many instances its very existence, are dependent on a large consumption of gasoline, which in turn, is conditioned on an adequate supply of rubber. Where that rubber initiates....is of little commercial interest generally to the oil industry. A most striking confirmation of this is their great effort, at their own expense and without profit, to gather scrap.

Still another misconception lies in the belief that the government is giving the oil companies tremendous sums of money to build rubber plants for their own profit, To quote Mr. Brown again; "The general policy is for the government to build and own plants and for oil companies to operate them without profit,"

In short, the oil industry wants to see rubber produced in the swiftest, most practical way. And the government is trying to decide which way is best.

HOLT-POULIN

Mr. and Mrs. Joseph M. Poulin of East Wilton announce the marriage of their daughter, Shirley, to Raymond W. Holt, son of Mr. and Mrs. William G. Holt of Bethel. The ceremony took place at the Congregational parsonage July 26, Rev. H. T. Wallace officating. The couple was accompanied by their parents, the bride's sister and husband, Mr. and Mrs. Edwin Parker of Wilton; Mrs. R. F. Dietrich and Joseph W. Holt of Andover, Mass, sister and brother of the groom,

Mrs. Norman Ford, sister of the

THE 10 POINT PLAN

TO HELP GIVE YOUR CAR

By T. S. BLAIR, well-known Automotive Engineer

3. THE BLECTRICAL SYSTEM

The emclency of the electrical system has a direct effect on gasolene con-

sumption. A fouled spark plug, an unadjusted distributor or generator, a defective coil or condensor, or a worn cable cause gasolene loss just as

surely as a hole in the tank. Many of these parts, as well as the battery

and light bulbs, will have to be replaced during the life of the car. But their life and efficiency can be considerably lengthened with proper

For You To Feel Well

week, never stopping, the kidneys filter waste matter from the blood.

If more people were aware of how the kidneys must constantly remove surplus fluid, excess acids and other waste matter that cannot stay in the blood without injury to health, there would be better understanding of why the whole system is upset when kidneys fail to function properly.

Burning, scanty or too frequent urination sometimes warns that something is wrong. You may suffer nagging backache, headaches, dizziness, rheumatic pains, getting up at nights, swelling.

Why not try Doan's Pills? You will be using a medicine recommended the country over. Doan's stimulate the function of the kidneys and help them to flush out poisonous waste from the blood. They contain nothing harmful. Get Doan's today. Use with confidence. At all drug stores.

At all drug stores.

THE TRUTH ABOUT THE AIRLINES

A good many people seem to have gained the impression that the government has taken over the Commercial airlines- and that you can't travel by air unless you are armed with a Federally-issued priority certificate.

Fortunately, for the welfare of the country, there is no truth in that. The fact is that the airlines are still under private ownership and private operation. They have turned over a considerable number of their transports to the military services but they are still operating 165 airplanes in schedules

If you wish to travel by air you can still do so, precisely as you can send your letters and your express by air. It is obvious that not every plane can be filled to the limit with blueprints, war cargo or bigshort officials. The planes run on strict schedules, and anyone is perfeetly free to make a reservation. There may, of course, be instances when all the seats are taken. But that has happened in the past, and the situation is not greatly different now. While some lesser routes have been abandoned for the duration, the transports are still flying their principal routes and will continue to fly.

The fact that transport service is still available to civilians is a

tribute to the airlines' efficiency. In a recent 7-day period, for example, it was anticipated that 70 planes would have to perform work for the Array exclusively. In actaality, only 29 planes were so engaged because those 29 planes were operated with so little delay and waste that they did the entire scheduled job.

Naturally, war needs come first with the airlines, as with all other businesses. But the rumors that the airlines are now a government opcration, and can no longer serve civilians, are completely unfounded. America's fine system of private commercial air transport is not hamstrung and is serving the nation as never before.

******* THURSDAY, JULY 30 1942

-Years Ago-

JULY 30, 1902

Ed Lyon came up from Lewiston on his motor cycle Sunday.

Poplar Hotel up Bear River has nearly 50 guests; the new cottages are nearly completed and the owners are occupying them, Miss Lilla Stearns has purchased

the interest of Miss Bradbury in the millinary business of Bradbury and Stearns on Main Street and will conduct the business alone. Mrs. Bradbury has returned to her home in West Paris.

Berlin, N. H.—The first car ran over the electric road last Thursday, and it was estimated that at least 800 enjoyed a free ride. JULY 27, 1917

D. T. Durell went to Portsmouth N. H., Saturday where he has entered the Portsmouth Navy Yard as a machinist.

Messrs. Lee Holt, Leslie Coburn and Winfield Howe of Co. D, Augusta, spent the week end with their parents.

Fritz Goddard has purchased Albert Frost's house on High Street Mass. and is preparing to occupy it. Locke Mills - Leslie Davis is

home from his work as mail clerk for a few days. . . . Rev. J. H. Little of Bethel delivered an interesting sermon at the church, Sunday.

Many Maine farmers chuckle when their home economists tell them to grow more kale, because they think of kale as a weed pest But the weeds most farmers call kale are really wild mustard, wild radish, black radish, or relatives of these. Cultivated kale, the kind for vitamins and vitality, is an altogether different plant. One of its great advantages is that it can be left "on the stump" until it is needed, even after snow flies.

ROUND MOUNTAIN GRANGE Round Mt. Grange P. of H. No 162 met at their hall in regular session, July 20 at 8.30 P. M.

Meeting opened with W. M. Leon Kimball in chair. After the routine business the Lecturer presented the following program: Opening Song, Yankee Doodle

H., on Aug. 16, at play of gifts, aprons, presents for children and home made candy.

MIDSUMMER NOTES FROM THE PARISH

Here is an important notice for Waterford and vicinity. The Waterford Church Services will be held during August at 10 a. m. Please note this well and tell your friends. The change will come on Sunday, Aug. 2, instead of on Aug. 9 as first suggested.

Remember also that on the 7th will be held the Center Lovell Fair. As that is one of THE events of the season you want to keep it in mind, and be present next Friday afternoon. Remember also that on the following Thursday, the 13th, East Stoneham will be looking for your patronage at their sale, also.

Here is another important note for Sunday, the 2d. Unless your hear definitely to the contrary, it looks as though there would be noservice at North Waterford. The North Congregation is cordially invited to Waterford or to East Stoneham.

There was a good social at the Albany Vestry, Monday evening of this week; and such a good time was had by all that some more will be scheduled in the near future. In the meantime remember that Albany folks will be pleased to have you eat supper with them next Thursday evening.

Mr. Bull and family are expecting to be at Phippsburg, at their camp for the most of August.

Another of our older friends has gone from us. Gene Kilgore had lived for the last year or two at Paris, with his daughter; but Waterford still claimed him as a highly esteemed citizen and neighbor, and mourns his passing.

GET WOOD READY NOW TO USE NEXT WINTER

tion difficulties and delays this fall and winter makes it advisable for every family to plan now for an ample wood supply, says A. D. Nutting, forester in the Maine Extension Service.

Mr. Nutting points out that Maine has more than an ample supply of fuel-wood to supply the needs of Maine families. The problem confronting both woodland owners and wood users is that of cutting and transporting the wood where it is needed.

to help out in an emergency.

villages have fuelwood committees, he says, to list names of village people who wish to buy stumpage and cut their own wood after working hours. These committees also list names of woodland owners with stumpage to sell. Cutting bees have helped the situation in other towns.

When fuelwood is properly cut Mr. Nutting says, it will not only supply fuel but also improve the forests of the state by removing undesirable trees.

Home owners can help by placing their orders for fuelwood now This helps to show the amount needed. Persons who can do their own cutting should be on the lookout for stumpage and start cutting soon if the wood may be needed this winter. All who can use wood are asked to do so to lessen the load on transportation

mark the trees to be cut so that a better timber crop will result. Mr. testes less time to cut a cord of wood from large trees than from small ones. Owners can also help themselves and their customers by advertising their stumpage in local papers.

her bed with heart trouble.

THIS BUSINESS

The war came right home and sat on my doorstep the other day. I had invited company for dinner and expected to clean the whole house in the morning. But at 9 o'couldn't find anyone to fix it. So I went to work with a broom, as women used to before vacuum cleaners had been invented. Then about noon Bessie Brown, who'd promised to come and help me get the dinner telephoned to say she'd taken a job in a war plant, and a

I wanted to jump in the car and drive down by the lake for a few minutes to cool off and recover my poise. But our tires are too old to permit even a mile of unnecessary driving. So I walked over to Aunt Matilda's to tell her my troub-

"I know, I know," she said comfortingly, "things like that can be terribly annoying; but less so now than usual."

"Less so?" I exclaimed.

have all of everything she wants besides.

WE'RE IN THIS THING TOGETHER

while it lasts because the manufacturers who produced all our conveniences and luxuries have. another job to do these days."

"I see what you mean, and of course I can use a broom with a lot better grace because Jane is having to ride a bicycle instead of going in their car which is already grounded for the duration, and Helen is going to have to use stoves in place of that oil furnace this winter.

"That's right. You aren't glad of their hardships but it makes your own a lot easier to take because they're having troubles too. But just as all 130 million of us are going to have to put up with inconveniences for the duration, we're all going to make up for it later on."

"You mean when the war Is over?"

"Yes. Can you imagine what these same manufacturers will dofor us then? Their plant capacity has been expanded tremendously the last few months in order to produce the flood of war materials we need now. It takes my breath. "Yes, because they're due to the away when I think what they'll be war and they're going to happen to able to do with all that capacity everybody before it's over, We're when they begin on commodity proall in this thing together," she re- duction again! They'll be able to minded me, "and nobody is going make enough things for all of usto be completely comfortable or and a lot of the rest of the world

The meeting on Cotton-War Clothing Problems was held Mon-WEST PARIS day afternoon at the Grange hall with Miss Walsh H. D. A. as speak- Mrs. Geneva Tuell, Correspondent er. A film strip was shown and samples of various kinds of cloth shown and discussed. Patterns of overalls and dresses for work were also shown and patterns for dickeys' were made.

Mrs. Robert Hastings and four children, Mr. and Mrs. John Howe and Howard Fales went to Camp Birchall on Umbagog Lake, Tuesday. Mrs. Hastings and children will remain for the week. Mr. and Mrs. Howe and Howard Fales returned home, Wednesday,

The advertisements of Bethel merchants on this page provide a weekly display of their merchandise, like another show window, for the convenience of Citizen readers.

It is good business for our advertisers to do this.

It pays our readers to buy the goods offered by very sore thumb, caused by getting these merchants whenever possible, and it pays our advertisers to tell their story here each

And only through the continued mutual cooperation of reader, advertiser and newspaper is it possible to maintain the Citizen in the interest of the community.

BROOKS-BEAN

The home of Mr. and Mrs. Herbert I. Bean was the scene of a pretty wedding Sunday evening, when their daughter, Muriel Edwina, was united in marriage with Rodney Warren Brooks, son of Mr. and Mrs. Clyde Brooks. The double ring ceremony was pérformed by Rev. M. A. Gordon, Decorations were effectively carried out in pink

The bride's gown was of white silk sheer trimmed with satin ribbon. Her coronet was of orange blossoms, and she carrired a bouquet of white roses. The bridesmaid, Miss Violet Brooks, sister of the bridegroom, wore blue taffeta and carried a bouquet of pink roses. The best man was Maurice Brooks, brother of the bridegroom, Gailey Ann Brooks, the flower girl, was dressed in pink as also was Nancy Gibbs of Nonth Andover, Mass., who carried the rings in a white satin basket.

The wedding march was played by Mrs. Robert York, sister of the bride, whose gown was of blue organdy. Mrs. Harvey Jones of Lewiston, sister of the bride, who wore green taffeta, sang "I Love You Truly" and "O Promise Me." Mrs A. W. Bowden, another sister of the bride, had charge of the guest

A reception followed the ceremony. Those assisting in serving were the Misses Alice Bean of Old Orchard, Esther Jones of Lewiston and Kathleen Brooks of Bethel. The bridegroom's gift to the bride was a pearl necklace.

Mr. and Mrs. Brooks left on a short wedding trip to Massachusetts. The bride's travelling costume was a figured blue silk gown with matching accessories.

Mrs. Brooks is a graduate of Gould Academy in the class of 1942, Mr. Brooks attended Bethel schools and is employed by L. E.

Among the out of town guests Miss Alice Bean of Old Orchard;

Owing to the rise in Barber Shop expenses and the increasare making a small advance in

METHODIST TRUSTEES ELECT OFFICERS; CONSIDER REPAIR

A meeting of the board of trustees of the Methodist Church was held at the parsonage Monday evening. Leslie E. Davis presided and prayer was offered by Rev. M. A. Gordon. Officers elected for the year are: chairman, Leslie E. Davis; secretary, Norman Hall; treasurer, Herbert I. Bean.

Earl Davis, Evans Wilson and Carl Brown were appointed to examine the church roof, report on its condition and estimated cost of repairs. A committee consisting of Leslie E. Davis, Herbert I. Bean, M. A. Gordon and Mrs. Sherman S. Greenleaf was chosen to investigate the cost of decorating the interior of the church. Herbert I. Bean and Earl Davis were instructed to investigate and make recommendations for heating the church vestry.

Refreshments were served by Mrs. Gordon. The next meeting will be neld on Monday evening, Aug. 10.

JANET PALMER TO REPEAT BROADCAST NEXT SUNDAY

Upon request to broadcast her recent successful performance of saxophone music on the "Mainente Musicale" program from station WCOU, Lewiston, Miss Janet Lorraine Palmer will repeat her numbers from that station Sunday at 5:15. This will be the 72d weekly broadcast of the "Mainente Musicale."

We want to express our thanks and appreciation to our many friends who have helped us at this sad time.
